

Doctor Edward Green although I know you were just doing your job I don't think you know how much you changed my life. I'm 28 yrs old with MD with a 4 yr old so physically I have always been limited. I prayed, changed my diet even went to the gym to try to improve my health & within a week since my surgery I feel my range of motion has been completely restored. I am so grateful for all you have done and I absolutely can not thank you enough! Thank you so much Dr. Green for all of your hard work & dedication. You are so very appreciated & loved more than you know by a patient! I wish you & your family Happy Holidays! 

The words "thank you"
hardly seem enough,

But they're coming
from my heart,

A heart uplifted
by your kindness.

With love

Your patient
